The path to joy and happiness is always clear, although we may not always see it that way. The key is prayer. The problem? It's difficult to come up with the precise words we need to unlock change at every time. You might feel like you don't know where to start, or you may need some inspiration along with your bible lectures. And that's exactly why we created this prayer book. 5 Powerful Prayers to Transform You = A Better You We all know it's not easy to feel happy and motivated every single day. But what you might not realize is, it's fairly easy to set the stage for transformation with just a few key actions. The essence of daily prayer is to elevate our heart to Jesus and ask him to guide us on our journey, building a ritual that you can follow on a daily basis. The five prayers in this book work because you eliminate the stress of relying on our own strength to make lasting change. Your goal is to simply focus on a single prayer at a time (they only take a few minutes to read). You start by reading an inspirational Bible verse and then you move on to a prayer. All you have to do is open this book, and follow it at your own pace. That's the essence of daily prayer. Bonus: Dozens of Inspirational Bible Verses That Can Change Your Life In the 5 Prayers That Will Radically Transform Your Life, in addition to a handful of powerful prayers, you will discover dozens of inspirational bible verses that can instantly improve your life. You'll discover how the Lord's word can impact multiple aspects of your existence, even in ways you may never have thought of.

## Customer Reviews

Find your way into Go's loving embrace through the 5 prayers inside this book. I have read it and have loved it. It is very simple, easy to understand, concise and yet it still has a very profound effect on readers like me. I am a Christian and these book is just very well written with proper biblical story references that would make you stop and think about your journey as a Christian. There is a part here where the author mentioned that before you become a leader you must first know how to be a follower and I totally agree with it. All the prayers are spot on and this book would truly help anyone to find the prayer they need in life, no matter what stage you are in.

Prayer is a form of communication to God. Anything can be said; such as thanking Him for all the blessings that you have received, asking for forgiveness for the wrong doings, praising Him for the wonderful things he has created and asking for guidance and help. This book will teach you how to become a man of prayer that will help you see the beauty of his creation and doings

The prayers are beautiful for people, they help with keeping anyone going when things become a little tough during life and the day. Even though the prayers are small the detail written to understand the prayers made me understand them in a different light to what I originally thought of them, just like the other books by Active Christian Publishing

After the first time I read this book, I found myself going back to it several times over and re-reading it. And every single one of those times, I felt myself unburden more and more. I have already experienced the goodness and power of the protection prayers from another book. Yet, I often read this randomly. But for those of you out there who feel like they are just beginning to gain faith in Christianity and God, this book is the best place to start.

This book, although it's short and simple, has so much power and it breathes hope, emotion and belief. It really helped me go through some challenging times of my life, and now I feel stronger than ever, because I know there's someone who's always there. These 5 prayers can really change your life, and change you as well. Book explains us what every prayer is about and it gives some references to Holy Bible. Some will say that reading book of prayers

doesn't help you to pray genuinely, but I don't think so. One can relate to every prayer in this book, and from my experience, they are so moving and they touch your heart and soul when you read them.

This little christian book is brilliant way to pray. Its a very short read and it gives you 5 prayers and explains them. This is one of the books that makes it easier to pray and books like that should be very much encouraged. Simply Carry it with you wherever you go you will see yourself praying more. I love this book, it is an easy way to pause your busy schedule and give a prayer to the almighty one. Great Book!

I believe this is another great collection from Active Christian Publishing. A reminder for all of us to say our prayers and eventually God will hear us and you will see that your life will be transformed.

I have seen a couple of books that contain interesting prayer points which help to guide the Christian on what points to pray for at a particular time. There are times when people could easily read a different meaning to these points or not even understand them very well even though they use it. This book offers explanation to certain Christian concepts and helps the reader grasp the true meaning of the prayer point and its significance. It was truly a wonderful experience going through it.
