When I ordered this book, I thought it would have the names of only the body parts--it is so much more than this. The sections in this little book include:My BodyMy FaceEyes (with eye colors)Hair (brown, curly, straight, etc.)My HandsMy Legs and FeetBaby Faces (with emotions like surprised and excited)What can you do? (ex: sit, crawl, etc.)I can (ex: touch my toes, etc.)Senses: seeing, smelling, hearing, tasting, touchingSummer clothesWinter clothesWhat time is it? (time to drink milk, time for bed, etc.Counting 1 to 5Counting 1 to 10This little book is packed with a lot of information! Great job DK!

This is a well illustrated and complete guide book to a toddler's body. I have a 2.5 year old and a 10 month old and they both enjoy reading it together. It is interactive and full of photos and comparisons. Perfect small size board book for small hands.

Spanish is my first language and I really like this book, got it for my 19 month old and partner to learn Spanish together! size is perfect to carry on diaper bag.

My one year old loves it!, it has pics of little ones like him and it has many words to keep him interested.

This is a great book for a sometimes Spanish speaker looking to teach her child. The book has words and sentences. It teaches you parts of the body with very specific places (ie. head then eyebrow, cheek, etc. and also colors, textures, length of hair, eye colors, etc.) It also teaches you some action words that you do with your body (walk, crawl, dance, etc.) It is very comprehensive and easy to learn. I love it.

My first Spanish Body Board Book is a bilingual word book with English and Spanish words and lots of fun colorful pictures. Many of the pages teach sentence like: "Puedo tocarme los pies" - "I can touch my toes." Cute babies are found eating cookies, splashing in the bath, trying on hats and playing games. There is also a page of facial expressions, hair color and eye color. A cute little book for parents who want to teach their children Spanish or English at an early age. ~The Rebecca Review

Its pretty good! I pictured it like a big book though because it would be more easy to appreciate the context but still my 2 year old daughter love it!

My daughter loves this book so much that she bring it to me all the time and tells me to read it with her. The pictures are great and engaging.
