Adorable, so very cute... honestly, I have been looking forward to this book for months since I first heard the title. I love JoJo! Now it's time for fancy-in-her-own-way little sister to trod off to preschool. Nancy is very helpful and full of opinions and suggestions to quell JoJo's nerves. Very cute and full of conversational lift-the-flap fun!

I love the Fancy Nancy series. The colors, "fancy" vocabulary, and flip books are great for kids. This is a cute story showing how JoJo prepares the night before school and the hesitation the morning of. It doesn't show her actual first day of school, it stops at the car ride to school. Cute story, you can tie in into feelings and emotions.

I bought this for my sister when she was starting kindergarten and it made her feel a lot better about starting school.

I bought this book to help my 2 1/2 year old daughter prepare for preschool--she loves Fancy Nancy. This is cute, but the whole story takes place at home and it appeared to me from the cover art that they would be at school with Nancy showing JoJo around (where she'll play, go to the bathroom...), but that is not the case. I also bought:Â What Expect Preschool KidsÂ which was much more what I was hoping for (but unfortunately didn't have Fancy Nancy:)

This is a really cute book - I love that JoJo was the focus in this story. Of course Fancy Nancy is there to help her little sister with her first day of school jitters! My daughter absolutely adores this series. The story is very engaging and fun to read. This is an Accelerated Reader (AR) book - RL: 2.5 - AR Pts: 0.5

Good book for the first of school to help children identify and face their fears. It is a good teacher tool.

My granddaughters have quite a few of these books and this one is in their current night time rotation. They love it. Thanks, Jane O'Connor for another great story!

My great-granddaughter loves Fancy Nancy books and this one was no exception. I gave it to her the day before she began kindergarten and she enjoyed it very much.
