The Trial Of Job: Orthodox Christian Reflections On The Book Of Job

Synopsis

"The book of Job always constituted essential and formative reading about the ways of the soul. This has always been the conviction of the spiritual classics through the centuries. Yet, for some reason, the figure of Job is elusive to us-possibly because he seems so comfortably distant; or perhaps because he seems so frightfully close. What Fr. Patrick Reardon achieves with this book is to render Job comprehensible, tangible and accessible. Ultimately, all of us identify with one or another aspect of Job's life. As life inevitably informs and as this book intuitively confirms, one cannot sing Psalms without having read Job." - Fr. John Chryssavgis

Book Information

Paperback: 107 pages

Publisher: Conciliar Press (June 1, 2005)

Language: English

Customer Reviews

The Book of Job is fruitful to read without a guide, but if you want to "dine on it," you must have a trusted guide. I have read Fr. Reardon's other books as well as his reflections in Touchstone Magazine and I know him to be a trusted guide. As an Orthodox Christian I chose this book to read during Great Lent. As an Orthodox Christian priest, I recommend others to do so as well. This book is very good in providing a key to understanding Job's defenses, arguments and rebuttals, as well as those of his three so-called "Comforters." I particularly found the chapters where "the wrath of Elihu" puts Job on the right track. Fr. Reardon's reflections on these chapters I found particularly edifying. To paraphrase Fr. Reardon's reading of Elihu's counsels, "no one, not even Job, is beyond improvement." Like Job, we need to and can learn from our suffering and the suffering of others to "love God for God's sake." "Behold God is mighty, but despises no one; He is mighty in

strength of understanding." Like true Orthodox Christian catechetical writings, this book is written by a real person to real people. This book is best specifically because it is NOT a scholarly work. It is a good book for people who care about the salvation of their souls.

Put simply, this book has an excellent chapter by chapter analysis of Job. It is, perhaps, more useful for the preacher than the scholar, but could certainly prove beneficial for both. Before reading this, I was very familiar with the book of Job, but if you haven't read Job yet, I would recommend reading it alongside of this. Don't bother trying to get a grasp of Job on your own. As Reardon's commentary will point out, Job's very purpose is to be beyond any simple meaning. It may, then, help to read, say, chapter one of Job, then Reardon's commentary on it- and so on. But, again, this is a very insightful little book. But moving on to some clarifications: first of all, advertises this as a 214pg book. The copy I purchased, which has the same copyright date and publisher, is only 107 pgs. This shows that it will not, nor could not, be a tremendously in-depth look at the book of Job because it simply could not be done in so little space. So, once again, it may be more helpful for the preacher than the scholar. Now, my second complaint: the title is deceptive. "Orthodox Reflections" is misleading because, as a student of eastern Christianity, I find nothing particularly "orthodox" about it. It is simply a commentary on Job, done by an orthodox priest - a good one, at that, but nothing that makes it come off as Byzantine, for example, as opposed to Roman or Protestant reflections on the book. But, to conclude, this is a very good, insightful book and is well worth the money.

This book has a lot of insight into the study of the book of Job

A fine work by one of my favorite authors

This is not a commentary, but of course it isn't really supposed to be a technical work. It is short and succinct with about two smallish pages of material for each chapter. But, as always, Fr. Reardon's writing is densely packed with more insight than most articles of the same length. All in all, this makes a nice devotional reading or group study material source.
