Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

My 4 year old loves this book. She actually listens to it and remembers it. She answers the questions and understands what they mean. It's amazing! This is the best devotional for young children. I recommend this book for every young child in this age group. I even bought one of other books for my 10 year old (God and Me 10-12 year old devotional). She really enjoys it as well.

Love the book - we read it every night (or almost!) My daughter is 3 and she barely understands the questions at the end. I'd recommend the ages really be 3-5 or 4-5. When we're done we'll probably just start it all over again at the beginning.

I don't exactly know what the other reviewers were raving about, but I'm not impressed with this book. I don't feel like it was spiritual significance and it doesn't even really speak about the Bible beyond a "daily verse".

bought it for my nieces. they love love love it. They read one story per night, when they can. The very first one included a recipe for pancakes, and we made the very same pancakes for breakfast the next day. My neice found that to be thrilling, because now she could relate to the characters in the story even more. Wonderful compilation of stories and lessons. Very relevant. I'm happy with this purchase.

We have many devotions that we love, but this one is my least favorite. It is older, and seems to be geared more towards the 4-7 year old range. It could use more illustrations and simpler story/explanations to be a fit for the younger crowd. We do a full Bible Study each day, and this is my least favorite book that we have, in the sense that I lose my three year old each time I crack this open, because it is definitely not geared towards 3 year olds (my three year old announces 'The End' the whole time I read it because it is not preferred). My 5 year old seems to like it okay, but I feel the stories are not as relevant as they would have been in the 70s and 80s, and the lesson objectives are just okay...many of the verses are stretched to fit her objective, and don't fit the true meaning behind the verse. Many of the stories center around very specific things (one was centered around an outdoor shed...you would have to have one or have seen one to have any idea what the story was about; the kids' names are Karen and Bobby, Jimmy and Kathleen, etc). If the author would update the stories (which could easily be done) and change the age range, it could be a 4, but the stretching the meaning behind the verses definitely loses a star in my book.

The lessons, taken from the author's family everyday life experiences, seemed to connect very well with children. Also the questions and activities were easy enough for children to understand, yet could begin their spiritual understanding.

Every night my girls (4 and 6) look forward to "doing the white book". God and Me is great for teaching lessons of character to young children. I then let my girls color the corresponding activity page together. It is wonderful seeing them learn to cooperate with each other as they decide who will color what. I highly recommend this book. I plan on getting the rest in the series as they get

older, then purchasing another copy of this one when my two younger daughters turn 2 and 4. It is well worth the money. You can then give the book to a grandparent as a keepsake, when your daughter is done coloring it all.

This is a great bible devotional for young girls. You don't have to go in any order and there are devotions on a wide variety of topics. My daughter was having a hard time sharing one day and I used the TOC to find one on sharing. It was just the right thing. The activities also vary from simply circling or coloring something to making a craft or a bathtub activity (my daughters favorite right now!). My daughter will be 5 this summer so she is on the top end of the age range but she still enjoys it and it is pretty easy to add to the simpler activities to make them more age appropriate. The stories are spot-on.
