## Customer Reviews

These National Geographic books for kids are awesome. Nice color illustrations, nice nonfiction organizing touches, and good information presented in an interesting way. I use these a lot for tutoring.

National Geographic is a great series. My son loves to learn about inventors this is a good book and good to practice reading skills by reading what you love.

This book was fun to read with my grandkids. It was easy to understand.

Very nice introduction to Edison. Perfect for my 7 year old grandson

I always like National Geographic books for kids. This was not a disappointment.

I used this in my classroom and found it just what I wanted.
