Customer Reviews

I picked this book up on sale unintentionally at a bargain store...what a find! My 3 boys loved this story and requested me to read it night after night...now...2 years later they are reading it to me! Last year my oldest son brought it to his class (at a public school) to read. The teacher told him she could not read it because it talked about the Bible and Jesus. He brought it home in tears, so I consoled him. Then one day a few weeks later he came home really happy, I asked why. He told me his teacher finally read the book. I didn't know this, but the teacher later informed me he had brought the book to school every day. He began reading it, and the other kids were so interested that eventually she decided to read it to the class despite her reservations. She loved the story as did the class. What a blessing to have God's word introduced to people in a place where it is taboo. :)

The true test of a book is how many times it gets requested after you introduce it. My 5 and 3 yr old

girls have asked me to read it over and over again. The rhythm of the text is mesmerizing. The author does an exceptional job of bringing the lessons down to a child's level. The illustrations are phenomenal. They compliment the story beautifully. Thank you for such a wonderful teaching tool.

This book is a great one to be used for class discussion in both a church and a secular setting. It was also good for the adults to hear, who were with the children. Important lesson in a simplified setting.

I love this book! It is a delight to read to my children and they love it too. Both the writing and the illustrations are great. I'm so glad that I found this book. Thank you, Melody Carlson! :)

Going to be using in our Vacation Church School week. It will fit along with one of our days well.

This is the sweetest book. So well written & the message is amazing.
